**Optometric Equipment Protective Barriers**

<p>TONOSAFE DISPOSABLE PRISMS: The Tonosafe disposable prisms are a convenient effective method of reducing the risk of cross infection between patients and eliminating the need to clean and disinfect prisms.</p>	
<p>LARGE SLIT LAMP BREATH SHIELD</p>	

BIO SHIELD FOR HEINE OMEGA 500

Phoropter Shield

This innovative tool was designed to easily slip onto most AO style phoropters, creating an additional breath barrier between doctor and patient, while not interfering with the use of the phoropter, or touching the nose of the patient, even when the PD is adjusted.
